

CIRET/KOF/WIFO Workshop

with a special focus on

Economic tendency surveys and financing conditions

Vienna, October 13-14, 2017

Call for Papers

In cooperation with the KOF Swiss Economic Institute at ETH Zurich and the Austrian Institute of Economic Research (WIFO) Vienna, CIRET will organize a two-day Workshop on Economic tendency surveys and financing conditions.

This workshop will be held in Vienna on Friday-Saturday, October 13-14, 2017.

The **financial crisis and the European debt crisis in the euro have increased the interest in the early detection of financial constraints, as credit crunches affect investment decisions of firms and saving decisions of households. Economic tendency surveys and surveys in general** are one instrument to measure **financial conditions and the threat of financial crises in a timely manner**.

Submissions on these and other topics broadly related to this special focus theme or to Economic Surveys (and thereby the aims of CIRET in general) are welcomed.

The **deadline** for paper submissions is **June 15, 2017**. Papers have to be submitted in MS Word or PDF format at <https://mondial.eventsair.com/ciret/submitter>. Authors will be notified in July as to whether their paper has been accepted for presentation at the workshop.

Authors are furthermore kindly invited to submit their ready-to-publish papers to the CIRET and Springer Journal of Business Cycle Research (JBCY) (<https://www.ciret.org/jbcy/>). Submissions accepted by the Editor-in-Chief will be peer reviewed by two referees.

The workshop will take place at Austrian Institute of Economic Research (WIFO), Vienna, Austria (Arsenal Objekt 20). The registration fee for the workshop will be € 100.00. A dinner, two lunches and coffee breaks are included.

Participants will be invited to make their own arrangements regarding their accommodation. It will be possible to make such arrangements via <https://mondial.eventsair.com/ciret/submitter> at a later point. Further information on this workshop will be made available on <https://www.ciret.org/workshops/>. Questions regarding scientific content or organizational aspect are to be addressed to info@ciret.org.
